

# Tororo Green Map Uganda, East Africa

A dozen children and adults worked together on this Green Map. Completed July 1999.

## Icon Key and Site Description

### Infrastructure

- 1 UED Uganda electricity board power grid.
- 2 Drinking water source (Malaba River, Osia River).

### Nature Fauna

- 5 Farm animals such as cows, pigs, poultry, goats are kept. There are a few other people with farm animals.

### Economic Development

- 8 Farmers market with lots of farm produce.
- 9 Organic Produce
- 10 Tororo cafe
- 11 Big social shops. There are very many small ones which are scattered in and around the town.

### Renewable Resources

- 16 Water recycling system (only one small one)
- 17 Tororo Farm Institute Composting site (there is only a small one in the whole district).
- 18 Redevelopment opportunity (Tororo has many).
- 19 Alternative vehicle/fuel station

### Nature: Land and Water

- 23 Malaba River is the only small permanent river in town.
- 24 Osia River Wetland (more and more wetlands are reclaimed for agriculture).
- 25 Geological Feature: (Tororo Rock formed due to volcanic and erosion, Sukuru Hills for limestone mines).
- 26 Great views/scenic vistas
- 27 Sunset site
- 28 Star gazing site
- 29 Open space (Tororo town has many open spaces).

### Culture and Design

- 33 Historical feature
- 35 Significant Building
- 36 Eco Spiritual site
- 36(a) Hindu Temple
- 36(b) Moslem Temple
- 36(c) Catholic Church
- 36(d) Help Ministry Church
- 36(e) Liberty Christian Center
- 37 Shanty town / self built houses

### Nature Flora

- 42 Public forest/natural area (All are small in size).
- 42(a) Farm Forest

- 42(d) Nyangole Forest Reserve
- 42(e) Aguvuru Forest Reserve
- 43 Special trees (Gravilla, Eucalyptus, Pines etc.)
- 44 Plants and Trees are scattered all over the town.
- 45 Tororo town council garden
- 46 Parklands / Recreation area
- 46(a) Tororo swimming pool
- 46(b) Golf course
- 46(c) Sports Ground
- 46(d) King George Stadium

### Toxic Hot Spots Pollution Sources

- 51 Danger zone. (It is a very dangerous corner where many people have lost lives while driving).
- 52(a) Air Pollution source (Quarry for limestone).
- 52(b) Uganda Cement Industry.
- 53 Noise Pollution (Quarry & Cement Industry).
- 54 Waste Dump
- 55 Toxic Chemical Storage
- 56 Mining site

### Information

- 61 Info resources by telephone (Tororo Post Office).
- 62 Environmental Center (district office).
- 63 United Nations Development Programme Africa 2000 Network and Plan International.
- 64 Social/Political resource
- 65 Scientific/research site in the Farm Institute.

### Mobility

- 70 Bicycle site
- 71 Public square / car free zone
- 72 Major Public transport stop.
- 73 Local transport stop. (There are several local transport stops in Tororo.)

Tororo needs a lot to be done in order to protect its environment. The young generations need to be taught about environment and hence need an environmental school.
